

Parents and Guardians,

Candor Central School is dedicated to ensuring the least amount of disruption to education while keeping our community safe during any significant health crisis. To this end, we need to gather accurate information about home internet access so that we can be prepared to support remote teaching and learning if there were an extended school closing.

The purpose of this survey is to gather information regarding internet connectivity. The district will be able to provide a Chromebook to all students in grades 2-12 to take home during an extended closing.

**At this time there are no plans for public schools to be closed in our area.**

Elementary students will be bringing home a paper survey on Thursday, March 12th, but if you would like to complete this survey now please follow this link (the link is case sensitive).
